Course Overview

For CHROs, HR ops leaders, people-ops, talent leaders past basic AI literacy. Eight chapters across the HR AI surface: the landscape (EU AI Act Annex III §4 employment AI = high-risk, EEOC+DOJ 2024 disparate-impact statement, NYC LL144, IL AIVIA, CO SB24-205, India DPDPA, Bloomberg + Wilson-Caliskan bias evidence, Mobley v. Workday vendor-as-agent doctrine); recruiting AI (LinkedIn Hiring Assistant/hireEZ/Findem/Eightfold sourcing automation, 3-5x candidate flow, AI-spam trap with LinkedIn 87% InMail caps, GDPR Art. 6(1)(f) legitimate interest); screening + 4 bias mitigations (blind data, calibrated thresholds with 4/5ths rule, audit logs, human override); interview prep + Sackett 2022 (structured interviews r "H 0.42, HireVue cautionary lessons); candidate experience (Talent Board CandE 29%/48%, 3-sentence disclosure pattern, the 3 lines we don't cross); onboarding + L&D + people analytics (program-level not individual, employee choice as output, surveillance line); compliance posture across 4 quadrants (EU/US/India/works councils, 5-section posture document); and the close — 2-quarter HR AI roadmap with interactive builder, 4 trust tripwires (no ratings · no stack rank · no flight-risk · no "set and forget").

FORMAT: Self-paced · 8 chapters · audio-narrated slides · interactive end-of-course builder · free certificate on completion

Who Is This For?

1

CHROs · CPOs

2

Talent acquisition
leaders

3

HR operations

4

People + culture leads

Learning Outcomes

- 1 A clear-eyed map of AI in HR — sourcing · screening · learning · retention · internal mobility
- 2 The compliance posture — EEOC + DOJ joint guidance, GDPR Art 22, NYC Local Law 144, Mobley v. Workday
- 3 4 bias mitigations for AI-assisted screening that actually work in audit
- 4 Structured interview design that uses AI for prep — not for decisions
- 5 The 3 lines we do not cross — no AI ratings, no AI stack ranking, no flight-risk prediction
- 6 Onboarding + L&D patterns that compound — where AI multiplies impact vs where it gets in the way
- 7 The candidate-experience design that turns AI use into recruiting strength, not a creepy-line cross
- 8 A bias-audit discipline that's an operating practice — not just an annual checkbox

8-Chapter Curriculum

Self-paced, audio-narrated slide format. Each chapter ends with a "Monday move" the learner can apply that week.

01

The HR AI landscape

CHAPTER 1 · 5 MIN · NARRATED + INTERACTIVE

- EU AI Act Annex III §4 employment AI = high-risk (Art. 26/27/50/99).
- EEOC+DOJ 2024 joint statement: disparate impact applies.
- NYC LL144, IL AIVIA, CO SB24-205.
- India DPDPA.
- Bloomberg + Wilson-Caliskan (85.1% white-name preference) bias evidence.
- Mobley v.

02

Recruiting AI

CHAPTER 2 · 4 MIN · NARRATED + INTERACTIVE

- LinkedIn Hiring Assistant + hireEZ + Findem + Eightfold AI sourcing. 3-5x candidate flow with same time per hire.
- AI-spam trap (LinkedIn 87% InMail caps).
- GDPR Art. 6(1)(f) legitimate-interest balancing for EU outreach.
- India DPDPA same logic.
- Quality over volume, opt-in over scrape, transparency.

03

Screening + the 4 bias mitigations

CHAPTER 3 · 4 MIN · NARRATED + INTERACTIVE

- Bloomberg Mar 2024 + Wilson-Caliskan AIES 2024 evidence.
- The 4 mitigations: (1) blind data (strip identity signals), (2) calibrated thresholds (EEOC 4/5ths rule), (3) audit logs (EU AI Act Art. 12), (4) human override.
- Mobley v.
- Workday vendor-as-agent: procurement contracts need bias-testing + indemnification + audit rights.

04

Interview prep + structured interviews

CHAPTER 4 · 5 MIN · NARRATED + INTERACTIVE

- Sackett 2022 meta-analysis: structured interviews = strongest hiring predictor (r^2 0.42 vs 0.2 for unstructured). AI's job: enforce structured-interview discipline
- build question banks tied to competencies
- brief interviewers. HireVue cautionary lessons. AI augments. Humans evaluate.

05

Candidate experience + the 3 lines

CHAPTER 5 · 5 MIN · NARRATED + INTERACTIVE

- Talent Board CandE 2024: 29% never heard back, 48% unhappy with feedback. 3-sentence disclosure pattern (EU Art. 50 mandatory, Pew 70% prefer).
- The 3 lines we don't cross: no AI ratings, no AI stack ranking, no flight-risk prediction.
- Air Canada Moffatt cross-domain analog applies.

06

Onboarding, L&D, people analytics

CHAPTER 6 · 5 MIN · NARRATED + INTERACTIVE

- Onboarding personalisation without surveillance (program metrics not individual).
- L&D personalisation with employee choice as output (LinkedIn Learning, Workday, SAP SuccessFactors, Cornerstone).
- People analytics aggregate-level defensible vs individual-level flight-risk = line 3.
- Workplace monitoring is line-3 territory.

07

Compliance posture across jurisdictions

CHAPTER 7 · 5 MIN · NARRATED + INTERACTIVE

- 4-quadrant compliance: EU (AI Act + GDPR Art. 22)
- US (EEOC + DOJ + NYC LL144 + IL AIVIA + CO SB24-205 + NIST)
- India (DPDPA)
- EU works councils (Germany/Austria/Netherlands/France co-determination). 5-section posture doc: inventory
- classification
- bias-testing log

08

Making it stick: your HR AI roadmap

CHAPTER 8 · 4 MIN · NARRATED + INTERACTIVE

- 2 use cases
- 2 quarters
- inside the 3 lines. Q1 = recruiting sourcing + L&D personalisation. Q2 = structured-interview AI (Sackett discipline). 4 trust trip-wires: no AI ratings, no AI stack ranking, no flight-risk prediction, no "set and forget" (quarterly bias audit + works-council + GC review). Interactive roadmap builder.
