Course Overview

For recruiters, TA leaders, and HR ops past basic AI literacy. Eight chapters across the full hiring funnel: intent-based sourcing automation (LinkedIn Hiring Assistant, hireEZ, Findem); resume screening with the four bias mitigations (blind data, calibrated thresholds, audit logs, human override) anchored in Bloomberg + Wilson & Caliskan; structured-interview AI grounded in Sackett 2022; candidate experience copilots with the three-sentence disclosure pattern; offer + onboarding AI with comp guardrails and the surveillance line; workforce planning AI with the historical-data trap; compliance posture across the 2026 quadrant (US federal Mobley v. Workday vendor-as-agent doctrine, US state laws, EU AI Act Art. 26 from Aug 2026, India DPDP); and the close — a two-quarter rollout playbook the CHRO will sign off on.

FORMAT: Self-paced · 8 chapters · audio-narrated slides · interactive end-of-course builder · free certificate on completion

Who Is This For?

Learning Outcomes

- 1 AI in sourcing — what works at scale (boolean expansion, intent signals) and what doesn't (mass outreach)
- 2 AI in screening — with EEOC + EU AI Act guardrails baked in from day 1
- 3 AI in interviewing — prep, not decisions; structured questions, calibrated scoring
- 4 The Mobley v. Workday boundary — automated decisions on protected classes
- 5 NYC Local Law 144 + Illinois AIVIA + EU AI Act high-risk classification for hiring AI
- 6 The candidate-experience design that uses AI without crossing the creepy line
- 7 The bias-audit cadence that protects the org legally and ethically
- 8 A 90-day recruiting-AI rollout playbook with the trust trip-wires in writing

8-Chapter Curriculum

Self-paced, audio-narrated slide format. Each chapter ends with a "Monday move" the learner can apply that week.

01

Sourcing automation

CHAPTER 1 · 7 MIN · NARRATED + INTERACTIVE

- The TA stack moved from recruiter-driven to agent-augmented to agent-operated.
- LinkedIn Hiring Assistant numbers, hireEZ + Findem + Eightfold shift, the AI-spam trap (LinkedIn 87% InMail cap), and the GDPR Art. 6(1)(f) gotcha for EU outreach.

02

Resume screening & the 4 bias mitigations

CHAPTER 2 · 8 MIN · NARRATED + INTERACTIVE

- Bloomberg study (11% top-rank for Black women) + Wilson & Caliskan AIES 2024 (85.1% white-name preference).
- The four mitigations: blind data, calibrated thresholds, audit logs, human override.
- Mobley v.
- Workday vendor-as-agent doctrine.

03

Interview prep with AI

CHAPTER 3 · 6 MIN · NARRATED + INTERACTIVE

- Sackett 2022: structured interviews are the strongest single predictor of job performance (r^2 0.42).
- HireVue cautionary tale.
- AI's role: enforce structured-interview discipline, not generate clever questions.

04

Candidate experience copilots

CHAPTER 4 · 6 MIN · NARRATED + INTERACTIVE

- Talent Board CandE 2024 — 29% never heard back, 48% unhappy with feedback.
- One design decision separates lift from disaster: transparency.
- The three-sentence disclosure pattern.

05

Offer & onboarding AI

CHAPTER 5 · 5 MIN · NARRATED + INTERACTIVE

- Two uses that work: offer letters with comp-band guardrails, personalised onboarding without surveillance.
- India DPDP Section 7(1)(i) covers recruitment but requires 180-day post-exit deletion.

06

Workforce planning AI

CHAPTER 6 · 5 MIN · NARRATED + INTERACTIVE

- Deloitte + McKinsey 2024 framework.
- Three use cases that work (scenarios, skills gaps, pipeline forecast).
- The failure mode: models trained on past patterns project past patterns — including bias.

07

Compliance posture: the 2026 quadrant

CHAPTER 7 · 6 MIN · NARRATED + INTERACTIVE

- Four jurisdictions, all live by Aug 2026: US federal (EEOC + Mobley vendor-as-agent), US state (NYC LL144, Illinois AIVIA, Colorado SB24-205), EU AI Act (Annex III + Art. 26 + Art. 99), India DPDP Section 7(1)(i).

08

Making it stick: your funnel-wide rollout

CHAPTER 8 · 5 MIN · NARRATED + INTERACTIVE

- Two-quarter rollout playbook.
- Pick three funnel stages (not seven).
- Sequence Q1 (sourcing + interview) + Q2 (candidate copilot).
- Save screening for next year.
- Quarterly bias-audit, annual vendor review.
