Course Overview

Andy Grove's "High Output Management" framing applied to revenue AI: manager output equals the output of the organisation under their influence. AI augments human judgement — it doesn't replace it. This course is the honest revenue playbook.

FORMAT: Self-paced · 8 chapters · audio-narrated slides · interactive end-of-course builder · free certificate on completion

Learning Outcomes

- 1 Andy Grove's output framing applied to revenue AI — augment human judgement, don't replace it
- 2 6 plays that consistently ship value — prospecting, lead scoring, proposals, content, personalisation, call AI
- 3 3 plays that consistently disappoint — fully automated cold outreach, AI agents closing deals, deal-level price optimisation
- 4 The disciplined prospecting workflow — Google + Yahoo Feb 2024 rules, the AI-spam math, the 4-step pattern that beats spam
- 5 The two-layer lead scoring (ML predictive + LLM signal) with the GDPR Art 22 boundary
- 6 The 4-block proposal template with 3 guardrails — CRM grounding, claim register, legal-review gate
- 7 The 3 creepy-line categories you don't cross — health/distress, surveillance detail, inferred protected characteristics
- 8 Call AI with 4 extractions + the 2-2-2 weekly coaching loop that drops new-rep ramp 30-50%

8-Chapter Curriculum

Self-paced, audio-narrated slide format. Each chapter ends with a "Monday move" the learner can apply that week.
